Is There a Thrift Card in YOUR Pocket?

AS you sit and read, you thank your stars that the war IS "over there"—and not here at your door-step. And you feel grateful to the boys in khaki who are KEEPING it and WINNING it "over there."

Turn Your Gratitude Into War Savings Stamps

The spare quarters that you invest in War Savings Stamps and Thrift Stamps help Uncle Sam to clothe, to feed and to arm those boys in khaki.

When you have accumulated sixteen Thrift Stamps, cost to you $4.00, you exchange them by paying from 13 to 23 cents, according to the month of 1918 in which you make the exchange, for a War Savings Stamp for which the Government will pay you $5.00 in January, 1923. This is equivalent to 4% interest compounded quarterly. A safe and remunerative investment.

INTRODUCTION

The 1918 edition of the Indianapolis City Directory is herewith presented with the belief that it is as complete and accurate as care and experience will produce.

The Directory contains 1950 pages. The Alphabetical Directory of names begins at page 198 and ends at page 1368. Names and changes of address received too late for regular insertion are printed on page 52.

Pages 13 to 51 include a variety of miscellaneous information such as executive, health, police, fire, educational, parks, water works, and other departments; ward boundaries, churches, schools, banks, incorporated companies, the postoffice, courts, hospitals, clubs, fraternal, benevolent, and labor organizations, county, township and federal officials, and much other valuable information.

As in former years, the canvass for names did not stop at the City Limits proper, but embraced all contiguous suburban territory, which to all intents and purposes, in fact in all ways except governmental identity, are an integral part of the social life and numerical greatness of one community, dependent upon Indianapolis for their very existence, and yet more or less reluctant to join their destiny with that of the great city. There are few residing in this territory whose business or employment is not in Indianapolis, and it is simply the enumeration of thousands of people within the city to which they really belong.

Included in the canvass and compiled in the alphabetical list are the names of those who, having homes in Indianapolis, have volunteered in the U. S. Army and Navy, or have been drafted under the Conscription Act and mobilized at training camps, as well as many who are in active service at the front in the present European War.

The "Buyers' Guide" occupies pages 53 to 196. The Street and Avenue Guide and Directory of Householders extends from page 1371 to 1776. The Classified Business Directory begins on page 1777 and covers 170 pages.

The General Index, the Index to Miscellaneous Information and the Index to Advertisements will be found on pages 9 to 12.

In the present volume all of the local features which have proved so satisfactory to our patrons in the past have been retained, and several new ones added.

POPULATION OF GREATER INDIANAPOLIS, 301,980.

In this Directory there are listed 120,792 individual names; a conservative estimate of the population is formed by multiplying the number of names by $2\frac{1}{2}$, to allow for the names of married women and children which have not been included. This gives Greater Indianapolis a population of 301,980.

A complete library embracing directories of all the principal cities is maintained in our offices, 320-324, 8 E. Market St., for the convenience and free use of our patrons. For the benefit of our advertisers and as a means of advertising the City and its business interests, copies of this edition of the Indianapolis City Directory will be placed on file in the Directory Libraries in all the larger cities throughout the country.

Directory Libraries

¶ Every Polk office has a library of directories of various cities. These are maintained for the convenience of our patrons, and they are constantly supplying information of many different kinds to people who come to use them.

¶ City Directories are City Catalogs. They contain a list of everybody and everything within a city. Many of the more progressive concerns buy directories of various cities as they are issued for mailing list purposes.

EDUCATIONAL

Progressive - Practical - Reliable

THIS institution has always taken advance steps in the teaching of commercial subjects. Its courses are improved and modernized from time to time to keep pace with the rapid development of business and business methods. Needless to say, this fact is recognized by business men all over the state, by their preference for INDIANA BUSINESS COLLEGE GRADUATES. Students from this school **Know How** when they take up work in an office.

By our individual method of instruction, coupled with enthusiastic class drills, every student's needs are met. From the day one enters this school, he is taught with a view to becoming a practical bookkeeper and stenographer. When he is qualified to accept a position, our EMPLOYMENT DEPARTMENT is at his service, and without any cost whatever. This Department is in direct touch with business men and aims to fill positions scientifically.

This is one of the INDIANA BUSINESS COLLEGES, of which Chas. C. Cring is president. These schools are located in the following Indiana cities: Marion, Muncie, Anderson, Lafayette, Richmond, Columbus, Logansport, Washington, Vincennes, Newcastle, Kokomo, Crawfordsville, Peru and Indianapolis.

A good way to determine just what you would like to study and the time to begin, would be to talk it over with us. Of course, we will be pleased to send you the information you want, but if you can come to the school that would be still better.

ELECTRICAL

Back of the Electric Iron

Or Any Other Electric Unit

There must be more than mere electric current to insure satisfaction.

Electricity is vastly more than a commercial product.

You cannot buy it at the counter in a measure and carry it home to be used as you wish or returned if it is not up to the standard of your expectations.

Electricity is a service that you purchase on faith.

The faith of our customers in our ability and desire to serve them to the last word in electrical efficiency is the great asset that has formed the foundation of our growth and business success.

We prize that faith more than we do our great power plants, and we strive to merit and retain it in the quality of our merchandise as well as in the quality of our service.

When you buy electric appliances of us you may place the same faith in them that thousands place in our ability to serve them. For we sell nothing that does not bear the guaranty of its manufacturer and our own assurance of satisfaction.

Directory Libraries

¶ Every Polk office has a library of directories of various cities. These are maintained for the convenience of our patrons, and they are constantly supplying information of many different kinds to people who come to use them.

¶ City Directories are City Catalogs. They contain a list of everybody and everything within a city. Many of the more progressive concerns buy directories of various cities as they are issued for mailing list purposes.

Directory Libraries

¶ Every Polk office has a library of directories of various cities. These are maintained for the convenience of our patrons, and they are constantly supplying information of many different kinds to people who come to use them.

¶ City Directories are City Catalogs. They contain a list of everybody and everything within a city. Many of the more progressive concerns buy directories of various cities as they are issued for mailing list purposes.

Engraving

REGARDLESS of whether the final printing is to be done by us, the Engraving Department of the Bookwalter-Ball Printing Company can be of service to you. Independent of the other branches of our business it is at your disposal. The experience which we have gained in producing the kind of photo engraving, color process plates, etchings, etc., that measure up to our own high standards is available for you.
